

HE IS RISEN!

Today is a day of profound joy. We have many reasons to be happy, and the center of this joy is that Christ is risen.

Today we rejoice with the entire Church and recognize that His victory is so great that it fills our souls with so much light.

We rejoice, singing and praising, because His victory is marvelous, and His love for us is so great, that it makes us share in this victory.

Just as He rises from the grave, so He raises us from sin to grace, from darkness to light, from sadness to joy.

Today there should be no sadness, nostalgia, or loneliness; in Christ, all is new; He renews all things. His Resurrection invites us to be pilgrims of hope, messengers who joyfully proclaim the good news: He is alive, He is risen... Jesus is alive forever.
