Mexico is a dangerous place for priests

More than 80 priests have been murdered in Mexico in the last three decades. The latest was Fr Ernesto Hernández from the diocese of Cuautitlán in Mexico State whose body was found last week after he had been missing for two weeks.

November 23 is the memorial day of **Blessed Miguel Pro**, a Mexican priest who was falsely accused and executed 1927 during the Cristero War. May he intercede for the safety of our priests and for peace in Mexico.
